

STAT

Mr Arthur C. Lundahl,
National Photographic Interpretation Center.

My dear Mr Lundahl,

STAT

I cannot thank you enough for a perfectly fascinating visit to [redacted] I was very touched that you personally should have given me a briefing. As I implied at the time, in I suppose thirty years of being educated on and off and by one means or another, I have never experienced two hours passing so rapidly and so usefully as those two under your tutelage.

May I also say that I enormously enjoyed your luncheon party at the Cosmos Club. (Nor have I forgotten the A.T.R.) Thank you very much indeed for your hospitality and your trouble.

STAT

I hope there may be some chance of entertaining you at my own club [redacted] some time in the not too distant future.

With very best wishes,

Yours sincerely

STAT
